

Atik Cameras Carbon-Reduction Commitment

At Atik Cameras, we recognize our responsibility to address climate change and reduce environmental impact. In alignment with our commitment to sustainability and in response to our valued customers' requirements, we are proud to announce the following undertaking:

Emission Reductions

We commit to maintaining a minimum of 4.5% year-on-year absolute emission reductions for Scope 1 and 2 emissions.

Timeline

This target will be pursued consistently over 7 years, starting in January 2024.

Scope and Transparency

Scope 1 Emissions: Direct emissions from company-owned or controlled resources.

Scope 2 Emissions: Indirect emissions from the consumption of purchased electricity.

We will measure, monitor, and transparently report our emissions annually to demonstrate accountability and progress toward our goals.

Base Line Value 2023

Emission Source	Scope	tCO2e							
		2023	2024	2025	2026	2027	2028	2029	2030
		Year 0	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
Atik Cameras	1 & 2	20,5	19,6	18,7	17,9	17,1	16,3	15,6	14,9
